

**- THE SOVEREIGN STATE OF PACIFICA PROCLAIMS -**

# **THE TRUTH THEY HIDE**

**The government is lying to us all!!!**

**The Zombie-Outbreak (and its nothing else but exactly that, don't accept any of that „Reanimated“ bull) is a bioweapon test on unsuspecting people out here in the middle of nowhere, because Khelson Bay does not matter to them!!!!**

**I have personally spoken to soldiers who have confirmed there are no signs of „infection“ anywhere else in Oregon or the United States of America at large, and that all reports to the contrary are lies spread to envelop all of us in a web of lies, so that we believe this is not just a weapons test!!**

**Together, We The People, can fight against this oppression and breach of our constitutional rights. We have the weapons and while most of you lack the full training, using a gun isn't all too hard. We will provide any volunteers to the Sovereign State of Pacifica's (SSP) newly founded Sovereign State Guard (SSG) with arms and ammunition to fight against our oppressors and their heinous bioweapon, which by the way is in breach of the Geneva Conventions and will be brought up to the International Court of Justice once we have successfully thrown off the shackles of oppression!!!!!!!!!!!!**

**Until such a time that we have fought off the Deep State and it's Minions, WE MUST RESIST BY ALL MEANS NECESSARY.**

**This means:**

- 1. Fight the soldiers of the oppressor**
- 2. Fight the biological warfare participants (ZOMBIES!!)**
- 3. Resist any attempts to establish a state that is not the SSP (Sovereign State of Pacifica)**
- 4. Offer aid and comfort to any other member of Sovereign States Guard (SSG)**
- 5. Support your Community**
- 6. Remember the passwords if you know them, share them only with true members of the SSG or SSP or those working with us loyally!!**
